## Breeding Service Agreement

***This agreement is between:***

(Stud Owner)

and

(Bitch Owner)

Angie Brown

Alder Creek Labradors

PO Box 1395, Athens, TX 75751

903-681-4262

[angie@aldercreeklabradors.com](mailto:angie@aldercreeklabradors.com)

Name: \_\_\_\_\_

Kennel Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_

Email: \_\_\_\_\_

Under the terms of this agreement, the parties agree to the following conditions in regard to breeding an Alder Creek Stud Dog.

### ***Fees and Purchasing Options:***

The fee for breeding service through Alder Creek is stud specific (see stud choice). Fees range between \$1000.00 and \$1600.00. Bitch owner may choose from one of the following two options. Please initial the option chosen.

#### ***Option #1 – Service Fee Agreement:***

- A \$300 Non-Refundable service fee is due at time of breeding or prior to the shipping of semen. This is payable to Angie Brown by money order, certified check, or through PayPal (4% fee added to cover service charges). Balance of the total breeding fee is due when 2 or more puppies are whelped and before litter registration is signed. Completed AKC litter form should be mailed to Alder Creek Labradors for signature or can be completed online at [www.akc.org](http://www.akc.org).
- Bitch owner is responsible for all expenses including collection charges, semen evaluation (if requested), shipping containers and extender.
- Bitch owner agrees to pay FedEx charges and/or Airline counter to counter including service to and from the airport and/or boarding fees.
- Bitch owner must submit current hip, elbow, and CERF clearances along with a pedigree and picture for reference with the return of this agreement. If female has had EIC screening, we request this information be submitted as well.

---

**Option #2 – Full Breeding Agreement:**

- The full breeding fee amount is due at the time of breeding or prior to shipping semen. This is payable to Angie Brown by money order, certified check, or through PayPal (4% fee added to cover service charges). **This fee is Non-Refundable.**
- Bitch owner is responsible for all collection charges, semen evaluation (if requested), shipping containers and extender.
- Bitch owner agrees to pay FedEx charges and/or airline counter to counter including service to and from the airport.
- Bitch owner must submit current hip, elbow, and CERF clearances along with a pedigree and picture for reference with the return of this agreement. If female has had EIC screening, we request this information be submitted as well.

**Service Options:**

Bitch owners have three options to choose from for breeding. Please initial the option you are choosing.

---

**Frozen Semen Breeding (only available under option #2):**

- Accurate timing is the most critical factor in the success of breeding with shipped semen. Please contact a reputable reproduction veterinarian for progesterone level testing for the best timing of ovulation.
- Frozen semen is available at the ISCB Grass Valley in Grass Valley, California or Sachse Veterinary Clinic in Sachse, TX. Upon receiving signed, completed agreement and fees, Angie Brown will approve shipment and release contact information to you. The fees for Frozen Semen will be paid in full directly to the appropriate clinic.
- Alder Creek Labradors must approve any shipment and reserves the right to deny shipment if the bitch does not meet the requirements.
  - All additional fees including extender, container and shipping fees must be paid by credit card directly to the storage or veterinary facility prior to shipment.
  - All country specified health requirements are payable by the female owner directly by credit card to the veterinarian of Alder Creek's choice.
- Alder Creek Labradors / Angie Brown are not responsible for loss of semen during shipping and/or late arrival.

---

**Fresh Chilled Semen Breeding:**

- Accurate timing is the most critical factor in the success of breeding with shipped semen. Please contact a reputable reproduction veterinarian for progesterone level testing for the best timing of ovulation. These results need to be relayed promptly to provide the most accurate breeding possible.
- Bitch owner must provide shipping boxes including extender or it may be purchased from Alder Creek for an additional \$50.00 per shipment. We currently use CaniPro Chill 5 or 10.
- Shipping fees must be paid for with FedEx account number or a credit card number.
- Alder Creek Labradors must approve any shipment and reserves the right to deny shipment if the bitch does not meet the requirements.
- Alder Creek Labradors / Angie Brown is not responsible for loss of semen during shipping and/or late arrival.

***Live or Natural Breeding:***

- Bitch must be current on all vaccinations including kennel cough and have a negative brucellosis test. Proof of these must be provided before coming onto Alder Creek Ranch. This is to protect your girl and our critters. Please do not bring a dog in to breed that does not get along well with others. We do have a kennel area but most of our dogs run loose on our ranch. Alder Creek is not responsible for any accidents or veterinary bills while your bitch is on our premises.
- Owner must provide current hip, elbow, eye, and all other clearances on the bitch (EIC, HNPK, CNM & PRA strongly recommended), pedigree, and photograph prior to breeding.
- Bitch must be progesterone tested for ovulation timing prior to coming to the ranch.
- There is not a boarding fee for your bitch unless she stays over 7 days as long as you provide her food and any necessary medications. After 7 days, there is a \$15 per day boarding fee. These fees will have to be paid in full before signing of litter registration paperwork.
- Alder Creek reserves the right to refuse breeding service after examination of your bitch.

***Breeding Guarantee:***

There will be no refunds on service or breeding fees. Under Option #1, if additional breedings are required for the same bitch on this agreement, there will be an additional service fee due before each shipment. All breedings are guaranteed to produce at least two (2) live puppies at the time of whelp. Two live puppies constitute a "litter". Completed AKC litter form should be mailed to Alder Creek Labradors for signature or can be completed online at [www.akc.org](http://www.akc.org). If the bitch fails to produce a litter, rebreeds will be given. If the original bitch is unable to fulfill the breeding another bitch can be substituted. The bitch must be owned by the signer of this agreement. This must be used within a two (2) year time frame from date of original breeding. Bitch owner will be responsible for all expenses other than the replacement breeding fee.

Bitch Owner Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Stud Owner Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Bitch's Name: \_\_\_\_\_ AKC Registration #: \_\_\_\_\_

Date of Mating: \_\_\_\_\_

Thank you for considering an Alder Creek male for your female. We understand you have several choices when searching for the appropriate mate for your girl. You are very much appreciated!

**Stud Choice:**

\_\_\_\_\_ **MBISS GCH/Can CH/Mex CH Sunnydaze Running Across The Miles, "Miles"**

Yellow Male – (BY) - Does not carry Chocolate

Date of Birth: 12/01/2009

Registration #: SR60224403

Microchip #: 0A01232927

OFA Hips: Good

OFA Elbows: Normal

EIC: Clear (N/N)

Cardio Echo: Normal
